Ministry Volunteer Reference Form

Baleville Church is committed to providing safe, meaningful and lasting contributions to a child's spiritual, emotional and relational life. To this end, we maintain a policy of background screening, checks and verification to ensure that we are maximizing our efforts to prevent abusive persons from entering or engaging in our ministry environments. In addition to our background checks, which cover the factual evidence relating to personal history, the recommendation from leading safety experts is to require personal references for individuals involved in working with children.

We appreciate you taking the time to become part of our ministry team and to work with us in achieving our ongoing goals of a safe, meaningful and lasting ministry to children and their parents.

Please provide at least one, and preferably two, references who can speak to your character. If these references can speak to your work/role/raising of children, this is especially beneficial. Thank you!
